

DRI #273

Wingate Creek Mine Substantial Deviation Final Report

Manatee County

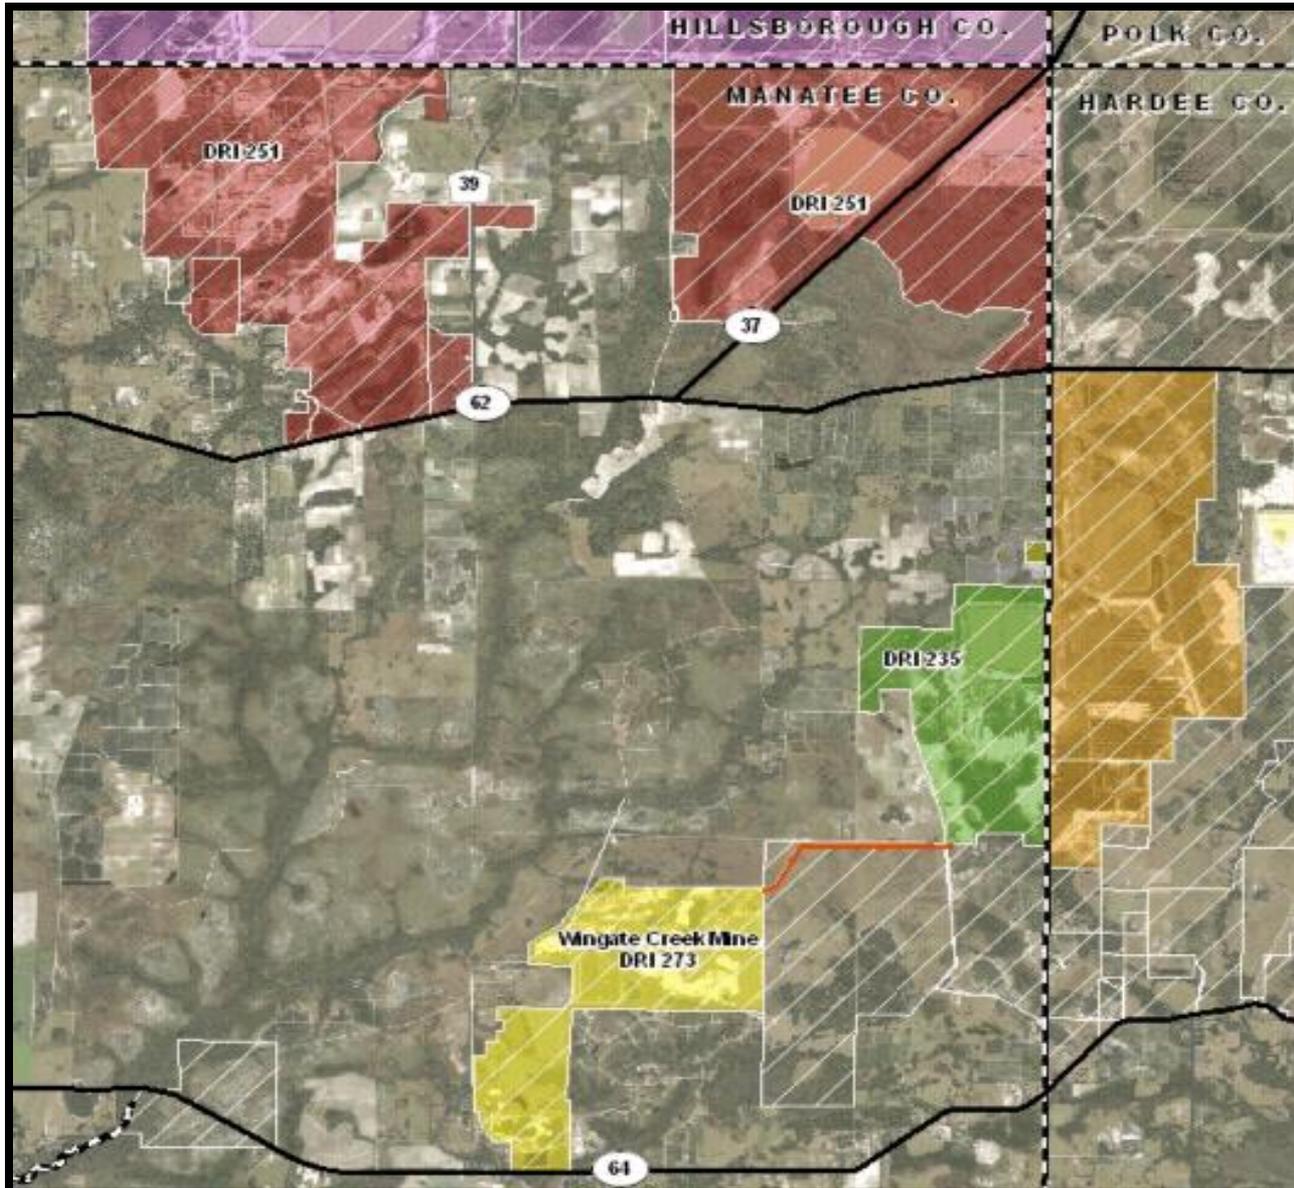

April 9, 2012

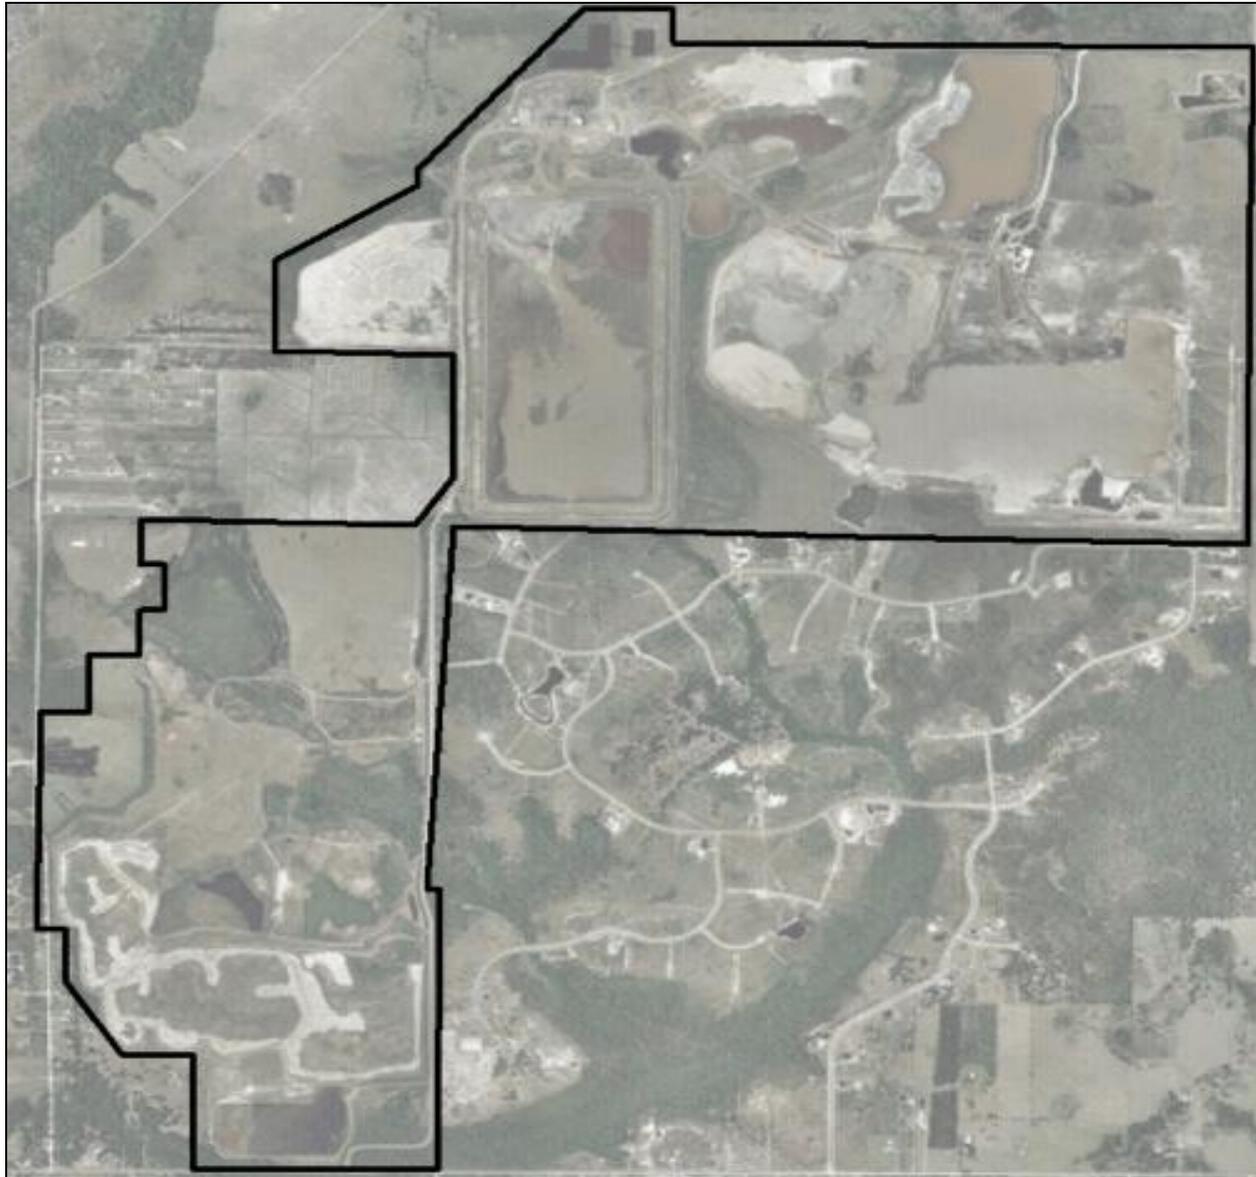

Overview of Proposal

- **Mosaic Fertilizer is seeking Substantial Deviation approval to the existing Wingate Creek Mine DRI in east Manatee County;**
- **No expansion to existing 3,028+ acre Wingate Creek Mine is proposed, only authorization to mine additional 667 acres from within;**
- **Of the 667 acres, 652 acres were previously approved “for disturbance only” and the remaining 15 acres were designated as “preservation”;**
- **No changes to the annual mining rate, water withdrawal rate, number of truck trips and/or truck haul routes; and**
- **Mining operations and reclamation activities would be extended by nine years.**
