DRI #239 - RIVER CLUB PARK OF COMMERCE MANATEE COUNTY RY 2004-05

On December 4, 2001, Manatee County granted a Development Order to Manatee Joint Venture for a single-phase, 249-acre, mixed use development located at the southwest quadrant of State Road 70 and I-75 in south central Manatee County. A buildout date of October 23, 2008 and a Development Order expiration date of October 23, 2010 have been established in conjunction with this project. The anniversary date for submittal of the Annual Report is November 30th of each respective year.

The following entitlements have been approved within the project:

BUILDOUT	RETAIL/SVC (Sq. Ft.)	OFFICE (Sq. Ft.)	INDUSTRIAL (Sq. Ft.)	RESIDENTIAL (Units)		GRP. CARE (Beds)	MOTEL (Rooms)
				MF/APTS.	SFD		
October 23, 2008	425,000	325,000	60,000	450	2	300	270

On October 21, 2003, the applicant submitted a Notice of Proposed Change application requesting several modifications to the Development Order. The requested modifications, which remain under review, consist of:

- filling 5.27 wetland acres to facilitate further project development in exchange for a 175.0-acre off-site preservation area adjacent to Gamble Creek;
- recognition of conversion of 300-bed Group Care facility for 50 additional multi-family/single-family attached units; and
- revision to the Development Order to reflect that the project will be subject to all fire district and school impact fees “in effect at the time of application for building permits.”

PROJECT STATUS

Development this Reporting Year: no development activity occurred during the reporting period.

Cumulative Development: limited to the development of two single-family residential lots.

Projected Development: No development activity has been identified for the next reporting year.

SUMMARY OF DEVELOPMENT ORDER CONDITIONS

1. The Certificate of Level of Service (CLOS) shall expire on October 23, 2006. Any exceedance(s) to the following thresholds shall subject the project “to a new concurrency analysis for traffic, water, and wastewater” and the issuance of a revised CLOS: 1,643 Total P.M. Peak Hour Project Trips; 267,000 gallons of potable water per day; and 230,900 gallons of wastewater per day” [Conditions 5.A(3) & 5.A.(4)]

2. Table 3 of the Development Order summarizes the intersection improvements required upon the generation of 1,314 total p.m. peak hour trips. This value equates to approximately 80 percent of development.
3. The Developer shall institute annual p.m. peak hour project driveway counts at three prescribed locations within one year after “Vertical Construction” commences. Such monitoring shall be included in all subsequent annual reports. [Condition 5.B(2)]
4. A management plan for the removal of nuisance and exotic species and a *Habitat Protection Plan* shall be submitted with the annual report submitted following approval of the first Final Site Plan [Conditions 5.C(1)b. and 5.C(1)d., respectively].
5. Condition 5.J.(1) presents two alternative locations and requirements regarding the dedication of an additional fire protection site. However, alternative fire protection mitigation is being considered as part of a NOPC application currently being reviewed.
