DRI #221 - PINELLAS CO. CRIMINAL COURTS COMPLEX/JAIL FACILITY FQD PINELLAS COUNTY RY 2005-06

On October 28, 1992, the Florida Department of Community Affairs (DCA) adopted a Development Order designating the project as a Florida Quality Development (FQD). The project is located west of 49th Street and north of 140th Avenue North, one-half mile to the west of the St. Petersburg-Clearwater Airport in central Pinellas County. The Development Order specifically authorizes Phases I and II. Specific Phase III approval is contingent upon further transportation analyses. The Development Order expires on December 31, 2015. The anniversary date for the Annual Report is November 22nd.

The Development Order has been amended twice, the latest occurring on September 8, 2003. The amendments have: designated all on-site wetlands and water bodies as "Preservation" on the project's *Master Site Plan* (and *Pinellas County Future Land Use Map*); removed a 12.0-acre parcel from the DRI (for Bayside High School); and corresponding Master Development Plan modifications.

The approved phasing schedule and development parameters are as follows:

All Phase I related entitlements have been completed.

Projected Development: the developer anticipates completion of the dining room and kitchen remodeling in March 2007 and the Sheriff Administration Support building in August 2007.

SUMMARY OF DEVELOPMENT ORDER CONDITIONS

1. Following the demonstration of successful wetland mitigation monitoring, the Florida Department of Environmental Protection and the SWFWMD have previously accepted the revised wetland mitigation plan in accordance with Condition 4.5.4.
2. The developer has confirmed that maintenance inspections of the surface water management system have been conducted in accordance with Condition 4.6.3. and the SWFWMD permits.

4. Consistent with Condition 4.14.1., the developer has provided the annual p.m. peak hour traffic counts at all site accesses. This is currently 51.05% of the approved internal p.m. peak hour trips for Phases I & II combined (i.e. 237 trips) and 93.27% of the approved 743 external p.m. peak hour trips.
5. Pinellas County has six-laned the C.R. 296 segment between 72nd Street North and 28th Street North in accordance with Condition 4.14.2. Traffic signals have been installed at C.R. 296 intersections with U.S. 19, 49th Street and 28th Street as well as the 49th Street North/140th Avenue intersection. Pinellas County has identified that expansion of Ulmerton Road (S.R. 688) to a six-lane divided arterial between U.S. 19 and 49th Street North has commenced and “is scheduled to be completed in Spring 2008.” The latter segment of the Ulmerton Road expansion (i.e. 49th Street to 34th Street North) “will be part of a project to extend Roosevelt Blvd. to C.R. 296 and the Interstate for which a PE is underway.” The Roosevelt Boulevard (S.R. 686) expansion from U.S. 19 to 49th Street North has already been completed.
