DRI #217 - HARBOUR ISLAND CITY OF TAMPA RY 2007-08

On February 18, 1982, the Tampa City Council granted a Development Order (DRI #69) to American Centennial Insurance Company for the redevelopment of a 178-acre island located immediately south of Tampa's Central Business District, at the mouth of the Hillsborough River. On December 18, 1986, the City Council granted Harbour Island, Inc. an amended Development Order (DRI #133/Harbour Island Phase II).

On October 12, 1989, the City Council granted an amendment to authorize an aquarium land use and incorporate a land use trade-off mechanism.

On April 18, 1994, Tampa City Council adopted Ordinance No. 94-68 as a Substantial Deviation Development Order (SDDO) to: incorporate an additional 400 wet boat slips; add a 175-seat attraction facility; extend the Development Order expiration date to 2005; combine the unbuilt remainder of the development into one phase with an established build-out date of November 30, 2000; and alter the Master Plan accordingly. This SDDO is referred to as DRI #217.

The SDDO has been amended twice, most recently on July 22, 1998 (Resolution No. 98-158). The amendments have: altered the location of boat slips and 175-seat attraction facility; modified development parameters; and further extended the buildout and Development Order expiration dates. The applicant has subsequently and additionally taken advantage of the "automatic" three-year extension of the project buildout (to December 31, 2010) and Development Order expiration dates (to December 31, 2015).

The project is approved to contain:
