### DRI #118 - TAMPA CRUISE SHIP TERMINAL CITY OF TAMPA RY 2008-09

On November 21, 1985, the Tampa City Council granted a Development Order (Ordinance No. 9108-A) to the Tampa Port Authority for a two-phase, 21-acre mixed-use development located along Platt Street and Garrison Channel in downtown Tampa. Only Phase I has been granted specific approval. Specific approval of "Revised Phase II" is contingent upon acceptance of a revised transportation analysis, as identified under Subsection 4.E.4. of the Development Order.

The Development Order has been amended a total of five times, the latest occurring on September 28, 2006 (Ordinance #2006-233). The amendments have cumulatively: modified the schedule of operations; extended the phase buildout and Development Order expiration date (to December 31, 2015 and December 31, 2020, respectively); adopted (and modified) a land use equivalency matrix; and expanded the size of the cruise ship terminal. The developer may additionally construct museum, serial performance and/or special event facilities with corresponding reduction(s) of office and/or hotel uses. The Annual Report anniversary date is July 1<sup>st</sup>.

The following represents the current plan of development for the project:

LAND USE	REVISED PHASE I (Buildout 2015)	REVISED PHASE II (Buildout 2015) <sup>3</sup>	TOTAL

**FOOTNOTES:**

- 1 - The developer is authorized to increase office square footage by 150,000 sq. ft. if the cruise ship terminals are restricted from operation during peak hour, as per D.O. condition.
- 2 - The aforementioned entitlements are reflective of a Land Use Equivalency Matrix transaction request dated November 3, 2003 in which the developer requested conversion of office to Aquarium (160,000 sq. ft.), "Destination Retail" (67,000 sq. ft.), "Destination Restaurant" (30,000 sq. ft.), movie theatre (2,464 seats) and additional "Supportive Restaurant" by 12,600 sq. ft.
- 3 - Specific approval of Revised Phase II is contingent upon further transportation analysis in accordance with Condition 4.E.4.
- 4 - The developer is authorized to construct a maximum of 250 High-Rise Condominium units as a result of utilization of the Land Use Equivalency Matrix.

## **PROJECT STATUS**

On February 17, 2010, the Developer delinquently submitted a correspondence indicating that “*there has been no additional development pursuant to the Development Order since the submission of the previous report.*” This correspondence suffices in lieu of a formal Annual Report submittal, as identified in Subsection 380.06(18), F.S.

***Development this Reporting Year:*** no development activity occurred during the reporting period.

***Cumulative Development (as previously noted):*** 160,000 sq. ft. Florida Aquarium; 21,000 sq. ft. of specialty retail; 67,400 sq. ft. of general retail; 33,600 sq. ft. of restaurant use; a 2,464 seat, multi-screen movie theatre; and one 82,000 sq. ft. ship terminal.

***Projected Development:*** no development activity has been identified for the next reporting year.

## **SUMMARY OF DEVELOPMENT ORDER CONDITIONS**

1. Conditions 3.A.2, 3.A.3 and 3.A.5 (of Ordinance No. 91-192) require the developer to provide yearly assessments of public infrastructure demands. With no formal Annual Report submittal, the following figures were not updated. Last year’s assessments were as follows: 196,330 gallons per day (gpd) of potable water (43.6% of the approved 449,800 gpd); 45,384 wastewater gpd (13.4% of the approved 339,500 gpd); and 6,381 pounds of solid waste per day (26.2% of the approved 24,400 pounds per day). The developer has previously attributed fluctuations to “cruise ship schedules and servicing requirements.”
2. Traffic counts were not conducted in conjunction with the RY 2008-09 no development activity occurred during the reporting period. Prior traffic monitoring conducted on July 29 - August 5, 2008, in accordance with Revised Condition 4.B.6., revealed that the cumulative number of trips being generated by the Florida Aquarium, cruise ship terminal, and Shops at Channelside access points were 465 during the p.m. peak hour trips (28.28% of the approved 1,644 p.m. peak hour trips). It has been additionally noted that if the developer agrees to permanently restrict the hours of operation of the cruise ships, the number of approved project-related external p.m. peak hour trips could increase to 2,551.
3. Condition 4.E.2. requires the developer to provide “a yearly assessment of the actual achievement of vehicle trips diverted from the peak hour as a result of the transit measures and other circumstances.” This update was not provided since no formal Annual Report was submitted or required.
4. Condition 4.B. of the Development Order requires the developer to submit annual reports “on July 1, 1986 and on July 1 of each year thereafter until such time as all terms and conditions of this Order are satisfied.” While the Annual Report was due to be submitted on July 1, 2009, a correspondence indicating “no development” was not provided until February 18, 2010, as alternatively allowed.
