DRI #194 - DG FARMS HILLSBOROUGH COUNTY RY 2001-02

On July 11, 1989, Hillsborough County granted a Development Order (Resolution No. R89-0171) to O.W. Casperson Trust/DG Farms for a three-phase, 1,385-acre, mixed-use development located in south central Hillsborough County, northeast of the U.S. 301/S.R. 674 intersection. The project is approved to contain 5,380 dwelling units, 360,000 square feet (sq. ft.) of commercial space and 50,000 sq. ft. of office space.

The Development Order has been amended a total of three times, the latest occurring on April 8, 1997 (Resolution No. 97-105). The amendments have granted a cumulative 12-year extension of the Phase I buildout date (to December 31, 2008) and a seven year, 11 month and 16 day extension for the deadline to commence physical development (to July 22, 2005). The Development Order expires on June 30, 2015. The anniversary date for the Annual Report is July 11th.

The DG Farms project site was sold to Mr. John Falkner on January 15, 2002.

On July 26, 2002, the applicant submitted a Notice of Proposed Change requesting the following modifications to the Development Order: increase Phase 1 office space by 60,000 sq. ft. (to 110,000); increase Phase 1 commercial space by 60,000 sq. ft. (to 160,000); incorporate a Land Use Equivalency Matrix; and associated Master Development Plan modifications. The proposal remains under review.

PROJECT STATUS

Cumulative Development: no development activity has occurred to date.

Projected Development: no specific development activity has been identified for the next reporting year.

SUMMARY OF DEVELOPMENT ORDER CONDITIONS

1. An annual traffic monitoring program at project entrances (Condition IV.B.1) and establishment of a Transportation Systems Management program (Condition IV.B.4) are required upon the issuance of Certificates of Occupancy (COs) for 1,000 single-family residential units, or the equivalence.
2. The developer selected Option 3 (Condition IV.B.3.c.) - "pipelining" for Phase I transportation impact mitigation. The developer's pipeline proportionate share is identified as \$107,640 for Phase I. The developer is required to provide a park-and-ride facility within the development's transportation impact area, incorporating approximately 150 spaces (the "Initial Pipeline Improvement"). This "Initial Pipeline Improvement" must be constructed within nine months of commencement of physical development.
3. Prior to site plan approval, all detailed plans must include pedestrian and bicycle circulation systems. (Condition IV.B.5)
4. The developer is required to provide a Master Stormwater Management/Drainage Plan prior to construction plan approval. (Condition IV.E.1.)
5. Prior to the inception of any development activity, the developer shall establish a surface water quality monitoring program and provide for semi-annual monitoring thereof. (Condition IV.E.2)
6. The developer shall submit a non-potable water/irrigation plan (Condition IV.G.9) and an energy conservation measures report (Condition IV.I.1) within the first annual report following the issuance of the first CO.
7. Development must commence on or before July 22, 2005 in accordance with Condition IV.A.6.

The project appears to be in compliance with all other conditions at this time.
