DRI #236 - RIVIERA DUNES CITY OF PALMETTO RY 2002-03

On December 20, 1999 the Palmetto City Council adopted Ordinance No. 665, constituting a Development Order for Riviera Dunes Resorts, Inc. This Development Order authorized construction of a 202.25 acre mixed use project predominantly located southeast of the U.S. 41 and Haben Boulevard intersection in the City of Palmetto. The project is located across Haben Boulevard from the Manatee County Civic Center, along the northern banks of the Manatee River. Upon the 2005 buildout, Riviera Dunes would contain the following uses: 250 single-family and 367 multi-family residential units; 141,500 sq. ft. of "Specialty" Retail; a 3,500 sq. ft. convenience market; a 125-room hotel; a 15,000 sq. ft. Family Golf Center; and 400 wet slips. Project buildout and the Development Order jointly expire on February 13, 2005. The anniversary date for the annual report is November 15th.

The Development Order has been amended only one time (Ordinance No. 03-774) on May 19, 2003. The amendment formally incorporated the required hurricane mitigation measures and modified provisions of the land use equivalency matrix.

On September 5, 2003, the developer submitted a Notice of Proposed Change application to request: removal of the required additional southbound through lane from the U.S. 41/U.S. 301/Haben Boulevard intersection to the U.S. 301 ramps; increase the maximum number of residential units (to 752); and authorize the relocation of select land uses within the project. The proposal remains under review.

PROJECT STATUS

Development this Reporting Year: it appears that 25 single-family and 42 multi-family residential units were completed or are currently under construction as of the reporting period.

Cumulative Development: the following has been completed or are currently under construction: 91 single-family residential units, 42 multi-family residential units, 90 residential docks, 220 commercial docks and a 9,000 sq. ft. marina facility, a 3,500 sq. ft. 7-Eleven store, and an Aqua Range with golf greens and a tee area (Genesis Golf Center).

Projected Development: no specific development activity has been identified for next year. However, it would be anticipated that residential development would continue, at minimum.

SUMMARY OF DEVELOPMENT ORDER CONDITIONS

1. The developer has previously submitted a plan to assure the maintenance of mitigation, conservation and preservation areas and a Lake Management Plan in accordance with Conditions 6.A.3. and 6.B., respectively.

2. Condition 6.A.9. requires the on-site wetland systems, buffers and mitigation areas to be regarded as preservation areas to ensure the protection of their natural attributes. These areas (totalling 1.1461± acres) have been placed within a conservation easement and conveyed to the State of Florida on October 6, 2000.
3. The developer has submitted the results of the annual monitoring of the four designated mitigation sites (Appendix B to the current Annual Report), as required by Condition 6.A.10.
4. Condition 6.G.2. requires funding commitments from responsible entities for those required roadway link and intersection improvements identified in Table 3 of the Development Order. The annual report contained a summary of the roles of the developer and the City in this regard. The Annual Report identified that the City has received \$750,000 in Community Development Block Grant funds for assisting in the funding of various road improvements along U.S. 301/U.S. 41.
5. Condition 6.G.5. requires the developer to conduct biennial traffic count monitoring with results provided within each respective annual report. Comparability of this monitoring data was provided in conjunction with the latest NOPC Application submitted. Monitoring shall be re-established in conjunction with the RY 2004-05 Annual Report.
6. The developer has previously submitted a Hurricane Evacuation and Recovery Plan for the project in accordance with Condition 6.I.3. It shall be noted that Condition 6.I.4. further requires the developer to prepare and submit a separate Hurricane Evacuation and Recovery Plan for the assisted living facility if and when constructed on site.
