

Working Group

May 1, 2015

9:30 AM to 11:30 AM

Tampa Bay Regional Planning Council

4000 Gateway Centre Blvd. Suite 100

Pinellas Park, FL 33782

www.tbrpc.org

* AICP CM Credits (2.0) Pending

Agenda

1. Welcome/Regional Round-up

Presenters: Working Group Participants

Please come prepared to share new planning initiatives or update ongoing activities that address coastal resilience and/or further the One Bay Livable Communities Vision and Guiding Principles.

2. Stormwater Management Infrastructure Resilience

Presenters: Kelli Hammer Levy, Natural Resources Division Manager, Pinellas County

Kelli Hammer Levy will share Pinellas County's effort to incorporate the Institute for Sustainable Infrastructure rating system and principles in their infrastructure planning programs. She will also provide an overview of the County's draft Stormwater Manual.

3. Recommended Regional Sea Level Rise Projection

Presenter: Libby Carnahan, Marine Extension Agent, Florida Sea Grant, UF/IFAS Extension

Representatives from the Tampa Bay Climate Science Advisory Panel will present their recommendation for a unified sea level rise projection for use in the Tampa Bay region.

4. ONE BAY Resilient Communities Web Site Update

Presenter: Karen Langbehn, Intern, Tampa Bay Regional Planning Council

Karen Langbehn will preview the website currently being developed to serve as the clearinghouse for regionally-relevant sea level rise and climate hazard information.

Web link: <http://www.ONEBAY.org>

5. DHS Critical Infrastructure Resilience to Climate Hazards Seminar and Exercise Recap

Presenter: Maya Burke, Senior Environmental Planner, Tampa Bay Regional Planning Council

Maya Burke will share highlights from the Tampa Bay Region Infrastructure Resiliency to Climate Hazards Seminar and Table Top Exercise hosted by the ONE BAY Resilient Communities Working Group, in partnership with the U.S. Department of Homeland Security, in February and March of 2015. The events brought together federal, state, local, and private sector stakeholders from throughout the region to discuss the resilience of critical infrastructure in the water, energy and transportation sectors to long term climate hazards such as sea level rise and extreme heat.
