

Copy of People: GOA Worksheet for Reviewers

Instructions	<ol style="list-style-type: none"> 1. Please add the names of the group members to the column below. 2. For the first breakout discussion, please review Goals 1 and 2 and their objectives. In the second breakout, please review Goal 3. 3. In column B indicate if the goal should be kept as is (K) deleted (D) or edited (E). 4. Suggestions for revisions can be added in the line below the corresponding goal or objective. 5. Additional Objectives and Actions can be added at the bottom of each goal section. 6. If time permits please take time to review the actions and suggest revisions as needed. 	
Group Members:	Group 1	
Overarching Aspirational Goal	Local and regional responses to the effects of climate change will be advanced through organizational and fiscal management at the local government level, and community-led preparedness and recovery.	
Goal 1	<p>E Local governments maximize their efforts to implement climate adaptation and mitigation activities through an expanded internal capacity and cross-departmental coordination.</p> <p>Local governments have maximized their ability to adapt to climate change</p>	Responsible Agents
Objective 1.1	<p>E The Region will strengthen local government organizational capacity by implementing best practices.</p> <p>Best practices will be used to strengthen local government organizational capacity</p>	
Action	<p>E Develop resilience plans and synchronize with other plans, including the strategic plan, OMB annual plan, and others.</p>	TBRPC, Member Govts.
Action	<p>E Resilience objectives are integrated into departmental programs, budgets, positions and performance metrics.</p> <p>which objectives? how many programs? possible objective instead of action?</p>	TBRPC, Member Govts.
Action	<p>K Member governments will identify a point person or create a dedicated position to coordinate resiliency programs across departments.</p>	TBRPC, Member Govts.
Action	<p>K Identify funding opportunities for increasing organizational capacity necessary to implement resiliency programs.</p>	TBRPC, Member Govts.
Action	<p>E Develop programs to increase cross-departmental knowledge of links between health, racial, and social equity in context of disaster preparedness and climate</p> <p>Education program? Too big...narrow it a bit. Professional development to increase. Need to better understand what you mean.</p>	TBRPC, Partners, Member Govts.
Action	<p>K The TBRPC will coordinate ongoing presentations to bring in new knowledge for Elected Officials on priority topics.</p>	TBRPC, Member Govts.
Action	<p>K Identify grant funding opportunities to implement innovative resilience strategies that prioritize equity issues.</p> <p>Tie back to increasing capacity or cross-departmental coordination. Possible other objective.</p>	TBRPC, Member Govts.
Add Actions?	<p>Make actions measurable</p>	
Add Objective?	<p>Expanded internal capacity</p> <p>Cross-departmental coordination</p>	
Goal 2	<p>E The Region will have improved public safety, safeguard infrastructure, property and environmental assets, and basic quality of life by incorporating adaptation and risk reduction strategies in their Financial Management.</p> <p>Two goals in one. Goal is actually develop a financial management plan or strategy that improves basic quality of life</p>	
Objective 2.1	<p>E Incorporate climate change projections into programs and their budgets that address built and natural infrastructure at risk to sea level rise and flooding</p> <p>Development a financial management strategies that supports improved public safety, safeguarding infrastructure...</p>	
Action	<p>Conduct critical infrastructure vulnerability assessments and cost/budget impact analysis to future conditions.</p>	TBRPC, Member Govts.
Action	<p>By 2024, local governments will begin to assess infrastructure and redevelopment projects and prioritize those projects that produce the best net benefits for long term public safety, and long-standing environmental, health, and economic disparities in low-income, minority communities.</p>	TBRPC, Member Govts.
Action	<p>Local governments will assess the overall cost of adaptation and mitigation and incorporate these costs into their budgetary processes.</p>	TBRPC, Member Govts.
Action	<p>Local governments with the support of the TBRPC will conduct an analysis to identify the feasibility of new funding mechanisms to implement resiliency projects and programs including but not limited to impact fees, Tax Increment Financing (TIF) and rebates.</p>	TBRPC, Member Govts.
Action	<p>The region will advocate for legislative action that will provide additional funding sources to implement adaptation and mitigation projects at the state and federal level.</p>	TBRPC, Member Govts.
Add Actions?	<p>Actions point to creating financial management plan as goal</p>	
Add Objective?	<p>Financial management</p>	
Goal 3	<p>E The Region will be prepared for disasters and recovery because of partnerships with vital community and business organizations.</p> <p>Establish partnerships that enable stronger collaborations between communities and business organizations to better prepare for disaster recovery</p>	
Objective 3.1	<p>E The Region will develop consistency in communication and engagement for residents, businesses, and community organizations to support CRS program outcomes.</p> <p>Make broader in communications to address non-CRS related issues (pandemic, etc)...possible second objective. Or is objective to just stick with water related issues?</p>	
Action	<p>K Establish a regionally consistent flood education program with mapping resources for real estate agents.</p>	TBRPC, Partners, Member Govts.
Action	<p>K Provide education and information to the public and business community about potential hazards and property protection measures (i.e. events such as Hurricane Expo and general presentation to community group).</p>	TBRPC, Partners, Member Govts.
Action	<p>K Annually provide outreach specifically to properties immediately adjacent to the repetitive loss properties as part of the Community Rating System outreach and repetitive property owner outreach programs.</p> <p>Reason for "immediately adjacent"?</p>	TBRPC, Partners, Member Govts.
Action	<p>E Establish a Citizen Leadership Academy that educates on innovative resilience strategies and supports CRS program goals</p> <p>Cost of Leadership Academy is prohibitive, must make it free. Needs to reflect the community where it's held. Possible academy within schools to get children input/awareness (Add something to show reaching out to underserved communities, ex title 1 schools)</p>	TBRPC, Partners, Member Govts.
Objective 3.2	<p>E The Region will support existing community and business groups to implement community-led engagement.</p> <p>The Region will support community and business groups to implement community-led engagement.</p>	
Action	<p>E Diversify and broaden existing inventory of organizations and identify alignment to shared goals for increasing community and business resilience with equity as a priority.</p> <p>Does this mean making sure we know all the groups that have interest in resilience with equity as a priority? Broaden the inventory of organizations. Identify common goals for increasing resilience with equity as a priority.</p>	TBRPC, Partners, Member Govts.
Action	<p>K Local governments will identify opportunities to provide interagency financial assistance to ensure community groups and nonprofits can implement engagement in low-income and minority communities.</p> <p>Is there a better term for "minority"? Under-served?</p>	TBRPC, Partners, Member Govts.
Action	<p>E The Region will collect best practices and identify funding sources for the development of a Resilient Neighborhoods Communication Toolkit.</p> <p>Move to Objective 3.1</p>	TBRPC, Partners, Member Govts.
Action	<p>E The Region will research and identify potential funding sources for the implementation of a Resilient Neighborhoods Grant Program to provide local governments with financial assistance to implement the best practices in the Resilient Neighborhoods Communication Toolkit.</p> <p>Move to Objective 3.1. Make funding available directly to businesses. Remove "best practices", as it implies there are bad practices within the toolkit</p>	TBRPC, Partners, Member Govts.

Group Members:	Group 2		
Overarching Aspirational Goal	Indicate Support =Y or D = Delete	Local and regional responses to the effects of climate change will be advanced through organizational and fiscal management at the local government level, and community-led preparedness and recovery.	
Goal 1		Local governments maximize their efforts to implement climate adaptation and mitigation activities through an expanded internal capacity and cross-departmental coordination.	Responsible Agents
Objective 1.1		The Region will strengthen local government organizational capacity by implementing best practices.	
Action	E	Develop resilience plans and synchronize with other plans, including the strategic plan, OMB annual plan, and others.	TBRPC, Member Govts.
Action	K	Develop criteria in which to use in the budgeting process with respect to resilience programs	
Action	K	Resilience objectives are integrated into departmental programs, budgets, positions and performance metrics.	TBRPC, Member Govts.
Action	E	Member governments will identify a point person or create a dedicated position to coordinate resiliency programs across departments.	TBRPC, Member Govts.
Action	K	Develop guidance to help local governments create appropriate job descriptions and select the appropriate employee to fill that position	
Action	K	Identify funding opportunities for increasing organizational capacity necessary to implement resiliency programs.	TBRPC, Member Govts.
Action	K	Develop programs to increase cross-departmental knowledge of links between health, racial, and social equity in context of disaster preparedness and climate	TBRPC, Partners, Member Govts.
Action	E	The TBRPC will coordinate ongoing presentations to bring in new knowledge for Elected Officials on priority topics.	TBRPC, Member Govts.
Action	K	Ongoing basis should ensure presentations happen within each election cycle	
Action	K	Identify grant funding opportunities to impliment innovative resilience strategies that prioritize equity issues.	TBRPC, Member Govts.
Add Actions?			
Add Objective?			
Goal 2		The Region will have improved public safety, safeguard infrastructure, property and environmental assets, and basic quality of life by incorporating adaptation and risk reduction strategies in their Financial Management.	
Objective 2.1	E	Incorporate climate change projections into programs and their budgets that address built and natural infrastructure at risk to sea level rise and flooding	
Action	K	include considerations for heat, drought, and other concerns for climate change	
Action	K	Conduct critical infrastructure vulnerability assessments and cost/budget impact analysis to future conditions.	TBRPC, Member Govts.
Action	E	By 2024, local governments will begin to assess infrastructure and redevelopment projects and prioritize based on criticality, vulnerability, and benefits for long term public safety, and long-standing environmental, health, and economic disparities in low-income, minority communities.	TBRPC, Member Govts.
Action	K	change to "low income AND minority communities" .	
Action	K	Local governments will assess the overall cost of adaptation and mitigation and incorporate these costs into their budgetary processes.	TBRPC, Member Govts.
Action	K	Local governments with the support of the TBRPC will conduct an analysis to identify the feasibility of new funding mechanisms to implement resiliency projects and programs including but not limited to impact fees, Tax Increment Financing (TIF) and rebates.	TBRPC, Member Govts.
Action	E	The region will advocate for legislative action that will provide additional funding sources to impliment adaptation and mitigation projects at the state and federal level.	TBRPC, Member Govts.
Add Actions?		*** with input from local government and other regional stakeholders to ensure consistency among advocacy	
Add Objective?			
Goal 3		The Region will be prepared for disasters and recovery because of partnerships with vital community and business organizations.	
Objective 3.1		The Region will develop consistency in communication and engagement for residents, businesses, and community organizations to support CRS program outcomes.	
Action	K	Establish a regionally consistent flood education program with mapping resources for real estate agents.	TBRPC, Partners, Member Govts.
Action	K	*** consult with SWFWMD	
Action	K	Provide education and information to the public and business community about potential hazards and property protection measures (i.e. events such as Hurricane Expo and general presentation to community group).	TBRPC, Partners, Member Govts.
Action	E	*** learn from counties that have already done an event/campaign (ex Hillsborough and Hurricane Expo)	
Action	E	Annually provide outreach specifically to properties immediately adjacent to the repetitive loss properties as part of the Community Rating System outreach and repetitive property owner outreach programs.	TBRPC, Partners, Member Govts.
Action	E	Who will take responsibility for this outreach and are their any issues with privacy acts? And who will be responsible for compiling the data? And how will outreach be performed/what is the medium?	TBRPC, Partners, Member Govts.
Action	E	Establish a Citizen Leadership Academy that educates on innovative resilience strategies and supports CRS program goals	TBRPC, Partners, Member Govts.
Objective 3.2		*** and solicit feedback from this group for future resilience planning	
Action	E	The Region will support existing community and business groups to impliment community-led engagement.	
Action	E	Diversify and broaden existing inventory of organizations and identify alignment to shared goals for increasing community and business resilience with equity as a priority.	TBRPC, Partners, Member Govts.
Action	K	*** or compile an inventory if one does not already exist. specification on the types of organizations may be needed here.	
Action	K	Local governments will identify opportunities to provide interagency financial assistance to ensure community groups and nonprofits can implement engagement in low-income and minority communities.	TBRPC, Partners, Member Govts.
Action	K	The Region will collect best practices and identify funding sources for the development of a Resilient Neighborhoods Communication Toolkit.	TBRPC, Partners, Member Govts.
Action	K	The Region will research and identify potential funding sources for the implementation of a Resilient Neighborhoods Grant Program to provide local governments with financial assistance to impliment the best practices in the Resilient Neighborhoods Communication Toolkit.	TBRPC, Partners, Member Govts.
Add Actions?			
Add Objective?			
Additional thoughts:		Each action should specify what organization (the Region, the local government, etc.) takes the lead, which organizations are in support of that lead, and what g groups are receiving/benefiting the action.

Instructions	<ol style="list-style-type: none"> 1. Please add the names of the group members to the column below. 2. For the first breakout discussion, please review Goals 1 and 2 and their objectives. In the second breakout, please review Goal 3. 3. In column B indicate if the goal should be kept as is (K) deleted (D) or edited (E). 4. Suggestions for revisions can be added in the line below the corresponding goal or objective. 5. Additional Objectives and Actions can be added at the bottom of each goal section. 6. If time permits please take time to review the actions and suggest revisions as needed. 	Need to prioritize actions!	
Group Members:	Group 3	Need to further review column D. This could be its own breakout session.	
Overarching Aspirational Goal	Indicate Support =Y or D = Delete	Local and regional responses to the effects of climate change will be advanced through organizational and fiscal management at the local government level, and community-led preparedness and recovery.	
Goal 1	E	Local governments maximize their efforts to implement climate adaptation and mitigation activities through an expanded internal capacity and cross-departmental coordination.	Responsible Agents
Objective 1.1	K	The Region will strengthen local government organizational capacity by implementing best practices.	
Action	E	Develop resilience plans and synchronize with other plans, including the strategic plan, OMB annual plan, and others.	TBRPC, Member Govts.
Action	K	Resilience objectives are integrated into departmental programs, budgets, positions and performance metrics.	TBRPC, Member Govts.
Action	E	Member governments will identify a point person or create a dedicated position to coordinate resiliency programs across departments.	TBRPC, Member Govts.
Action	K	Identify funding opportunities for increasing organizational capacity necessary to implement resiliency programs.	TBRPC, Member Govts.
Action	K	Develop programs to increase cross-departmental knowledge of links between health, racial, and social equity in context of disaster preparedness and climate	TBRPC, Partners, Member Govts.
Action	E	The TBRPC will coordinate ongoing presentations to bring in new knowledge for Elected Officials on priority topics.	TBRPC, Member Govts.
Action	E	Identify grant funding opportunities to implement innovative resilience strategies that prioritize equity issues.	TBRPC, Member Govts.
		Very easy. Rerword to Identify and apply for...	
Add Actions?	Add	Develop and implement resilient food security plans. Update bi-annually.	TBRPC, Member Govts
Add Objective?	Add	Conduct a minimum of two community wide resiliency education programs annually.	TBRPC, Member Govts
Add Objective?	Add	Create an implementation matrix to identify annual progress	TBRPC, Member Govts
Goal 2	E	The Region will have improved public safety, safeguard infrastructure, property and environmental assets, and basic quality of life by incorporating adaptation and risk reduction strategies in their Financial Management.	
Objective 2.1	K	Include food security	
Action	E	Incorporate climate change projections into programs and their budgets that address built and natural infrastructure at risk to sea level rise and flooding	
Action	E	Conduct critical infrastructure vulnerability assessments and cost/budget impact analysis to future conditions.	TBRPC, Member Govts.
Action	E	When will this be done. Specify timeframe. Within XX years...or every XXX years.with an implementation matrix to measure progress	
Action	E	By 2024, local governments will begin to assess infrastructure and redevelopment projects and prioritize those projects that produce the best net benefits for long term public safety, and long-standing environmental, health, and economic disparities in low-income, minority communities.	TBRPC, Member Govts.
Action	E	Local governments will assess the overall cost of adaptation and mitigation and incorporate these costs into their budgetary processes.	TBRPC, Member Govts.
Action	K	Develop a budget plan.	
Action	K	Local governments with the support of the TBRPC will conduct an analysis to identify the feasibility of new funding mechanisms to implement resiliency projects and programs including but not limited to impact fees, Tax Increment Financing (TIF) and rebates.	TBRPC, Member Govts.
Action	K	The region will advocate for legislative action that will provide additional funding sources to impliment adaptation and mitigation projects at the state and federal level.	TBRPC, Member Govts.
Add Actions?			
Add Objective?			
Goal 3	E	The Region will be prepared for disasters and recovery because of partnerships with vital community and business organizations.	
Objective 3.1	E	Clarify disaster "response and recovery." Clarify who the "Region" is.	
Action	E	The Region will develop consistency in communication and engagement for residents, businesses, and community organizations to support CRS program outcomes.	
Action	E	Clarify who the "Region" is. Spell out CRS = Community Rating System.	
Action	E	Establish a regionally consistent flood education program with mapping resources for real estate agents.	TBRPC, Partners, Member Govts.
Action	K	Clarify who is responsible for this. Breakout room members had differing presepectives depending on making sure we stay consistnt but also not get in the "muck" with this industry.	TBRPC, Partners, Member Govts.
Action	K	Provide education and information to the public and business community about potential hazards and property protection measures (i.e. events such as Hurricane Expo and general presentation to community group).	TBRPC, Partners, Member Govts.
Action	K	Annually provide outreach specifically to properties immediately adjacent to the repetitive loss properties as part of the Community Rating System outreach and repetitive property owner outreach programs.	TBRPC, Partners, Member Govts.
Action	E	Establish a Citizen Leadership Academy that educates on innovative resilience strategies and supports CRS program goals	TBRPC, Partners, Member Govts.
Objective 3.2	E	Could have lots of potential as long as diversity, equity, and inclusion are specifcally being addressed here.	
Action	E	The Region will support existing community and business groups to impliment community-led engagement.	
Action	E	Define who the region is. Make sure that implement is spelled correctly.	
Action	E	Diversify and broaden existing inventory of organizations and identify alignment to shared goals for increasing community and business resilience with equity as a priority.	TBRPC, Partners, Member Govts.
Action	K	Important statement, but needs to be reworded to be "less clunky."	
Action	K	Local governments will identify opportunities to provide interagency financial assistance to ensure community groups and nonprofits can impliment engagement in low-income and minority communities.	TBRPC, Partners, Member Govts.
Action	K	The Region will collect best practices and identify funding sources for the development of a Resilient Neighborhoods Communication Toolkit.	TBRPC, Partners, Member Govts.
Action	K	The Region will research and identify potential funding sources for the implementation of a Resilient Neighborhoods Grant Program to provide local governments with financial assistance to impliment the best practices in the Resilient Neighborhoods Communication Toolkit.	TBRPC, Partners, Member Govts.

Group Members:		Group 5	
Overarching Aspirational Goal	Indicate Support =Y or D = Delete	Local and regional responses to the effects of climate change will be advanced through organizational and fiscal management at the local government level, and community-led preparedness and recovery.	
	K	Change "lead" to collaboration/support/driven/engaged, or other. This language may not capture long term climate change resiliency. It seem to focus on short term issues.	
Goal 1	K	Local governments maximize their efforts to implement climate adaptation and mitigation activities through an expanded internal capacity and cross-departmental coordination.	Responsible Agents
		good. Keep.	
Objective 1.1	K	The Region will strengthen local government organizational capacity by implementing best practices.	
		Add "communication and collaboration"	
Action	K	Develop resilience plans and synchronize with other plans, including the strategic plan, OMB annual plan, and others.	TBRPC, Member Govts.
		Change to "strategic plans" generically. Also, mention Comp. Plans.	
Action	K	Resilience objectives are integrated into departmental programs, budgets, positions and performance metrics.	TBRPC, Member Govts.
Action	K	Member governments will identify a point person or create a dedicated position to coordinate resiliency programs across departments.	TBRPC, Member Govts.
Action	K	Identify funding opportunities for increasing organizational capacity necessary to implement resiliency programs.	TBRPC, Member Govts.
		Can we incorporate "leveraging"? What type of resiliency programs and at what scale?	
Action	K	Develop programs to increase cross-departmental knowledge of links between health, racial, and social equity in context of disaster preparedness and climate	TBRPC, Partners, Member Govts.
		Very important/critical. Should it rise to its own objective/goal? replace "cross departmental knowledge" with "networked expertise" or "cross-state collaboration"	
Action		The TBRPC will coordinate ongoing presentations to bring in new knowledge for Elected Officials on priority topics.	TBRPC, Member Govts.
Action		Identify grant funding opportunities to impliment innovative resilience strategies that prioritize equity issues.	TBRPC, Member Govts.
Add Actions?		Add Action about community engagement/communication, Goal 1 should include organizational capacity buidling for communication and engagement with communities, non-profits, etc. in addition to internal capacity. This could also be an Objective 1.2	
Add Objective?			
Goal 2		The Region will have improved public safety, safeguard infrastructure, property and environmental assets, and basic quality of life by incorporating adaptation and risk reduction strategies in their Financial Management.	
		The Region will have improved public safety, safeguard infrastructure, property and environmental services, and sustain basic quality of life by incorporating adaptation and risk reduction strategies in their Financial Management.	
Objective 2.1		Incorporate climate change projections into programs and their budgets that address built and natural infrastructure at risk to sea level rise and flooding	
Action		Conduct critical infrastructure vulnerability assessments and cost/budget impact analysis to future conditions.	TBRPC, Member Govts.
Action		By 2024, local governments will begin to assess infrastructure and redevelopment projects and prioritize those projects that produce the best net benefits for long term public safety, and long-standing environmental, health, and economic disparities in low-income, minority communities.	TBRPC, Member Govts.
Action		Local governments will assess the overall cost of adaptation and mitigation and incorporate these costs into their budgetary processes.	TBRPC, Member Govts.
Action		Local governments with the support of the TBRPC will conduct an analysis to identify the feasibility of new funding mechanisms to implement resiliency projects and programs including but not limited to impact fees, Tax Increment Financing (TIF) and rebates.	TBRPC, Member Govts.
Action		The region will advocate for legislative action that will provide additional funding sources to impliment adaptation and mitigation projects at the state and federal level.	TBRPC, Member Govts.
Add Actions?		Develop Comprehensive and Consistent Benefit, Cost and Cost Avoidance Analysis methodology that goes above standard FEMA Benefit Cost Aanalysis (BCA) methodology to ensure broad-based metrics for measurement of success.	
Add Objective?			
Goal 3	K	The Region will be prepared for disasters and recovery because of partnerships with vital community and business organizations.	
		The region will partner with vital community and business organizations to prepare, respond, recover and mitigate effects of climate change and disasters.	
Objective 3.1	K	The Region will develop consistency in communication and engagement for residents, businesses, and community organizations to support CRS program outcomes.	
		The Region will develop consistent and ongoing communication and engagement with residents, businesses, and community organizations to support CRS	
Action	K	Establish a regionally consistent flood education program with mapping resources for real estate agents.	TBRPC, Partners, Member Govts.
		Add action "work to establish regulatory program to require notice to home buyers/renters of risk"	
Action	K	Provide education and information to the public and business community about potential hazards and property protection measures (i.e. events such as Hurricane Expo and general presentation to community group).	TBRPC, Partners, Member Govts.
		Engage media.	
Action	K	Annually provide outreach specifically to properties immediately adjacent to the repetitive loss properties as part of the Community Rating System outreach and repetitive property owner outreach programs.	TBRPC, Partners, Member Govts.
		why "immediately adjacent"? Strange choice. focus on repeditive loss properties and properties at risk in future.	
Action	K	Establish a Citizen Leadership Academy that educates on innovative resilience strategies and supports CRS program goals	TBRPC, Partners, Member Govts.
Objective 3.2	K	The Region will support existing community and business groups to impliment community-led engagement.	
Action	K	Diversify and broaden existing inventory of organizations and identify alignment to shared goals for increasing community and business resilience with equity as a priority.	TBRPC, Partners, Member Govts.
		Alot going on here. Maybe break apart into separate actions. Add partnerships and collaboration with organizations.	
Action		Local governments will identify opportunities to provide interagency financial assistance to ensure community groups and nonprofits can implement engagement in low-income and minority communities.	TBRPC, Partners, Member Govts.
Action		The Region will collect best practices and identify funding sources for the development of a Resilient Neighborhoods Communication Toolkit.	TBRPC, Partners, Member Govts.
Action		The Region will research and identify potential funding sources for the implimentation of a Resilient Neighborhoods Grant Program to provide local governments with financial assistance to impliment the best practices in the Resilient Neighborhoods Communication Toolkit.
