Meeting ID: 813 4205 2041

Passcode: 1234

Call in number: +1 (786)635-1003

- 1. Call To Order / Welcome**
- 2. Introductions**
- 3. Public Comment**
- 4. Collaboration on Beneficial Uses for Dredged Material from Tampa Harbor – Aubree Hershoin, U.S. Army Corps of Engineers**

The U.S. Army Corps of Engineers, Jacksonville District, kicked off a 3-year study to consider navigation improvements in Tampa Harbor. The study will consider deepening and widening, and there is the potential for future construction (in the 5-10 year timeframe) to result in significant volumes of dredged material. USACE would like to further coordinate with stakeholders to prioritize restoration opportunities that may require dredged sediments.

- 5. Hillsborough County Greenways Master Plan Update – Sarah Caper, Hillsborough County**

Hillsborough County is undergoing an update to its Greenways Master Plan, originally adopted in 1995. The Master Plan Update includes a range of greenways facilities, including paved and unpaved trails that can be used by people walking, biking, or on horseback; blueways (recreational waterways) and launch sites where people can access blueways; and natural corridors, such as wildlife corridors. The update is a year-long process that will result in both a vision plan and action plan that is focused on connectivity.

- 6. Committee Strategic Planning & Leadership**

Attendees will discuss revitalization of the Natural Resources/Environmental Impact Review Committee, including leadership positions.

- 7. Announcements**

All participants should feel free to share information or events that are pertinent to the NR/EIR Committee.
